

“BBG has been so helpful to us in meeting our commitments to our employees’ health while saving us almost \$1,000,000 over the years.”

In 2004, BBG developed the highly acclaimed *SharedFunding* program to help reduce healthcare costs to employers while maintaining the same level of benefit provided to employees. Today, a bevy of organizations fully embrace and depend on *SharedFunding*. They also appreciate and capitalize on BBG’s administrative strengths, health insurance expertise, and unwavering responsiveness to client needs.

As BBG has grown, our core mission has endured and been enhanced.

***SharedFunding* has consistently saved organizations 20% or more on their healthcare costs year after year and BBG continues to drive great value into the proposition.** While reducing costs is really valuable, BBG has also invested in the combination of the latest cloud-based technology and great people to deliver coherent solutions and excellent customer service to the clients we serve.

Here are some of the things our clients will tell you about *SharedFunding*:
